

Title: Clinical Research Physician for the Manhica Health Research Centre (Centro de Investigaçao em Saude de Manhica, CISM)

Location: Manhica (Mozambique)

Reports to: Jose Muñoz (Principal Investigator (PI))

Duration: 2 years

Starting date: As soon as possible

Description:

The Barcelona Institute for Global Health, ISGlobal, is the result of an innovative alliance between academic, government, and philanthropic institutions to contribute to the efforts undertaken by the international community to address the challenges in global health.

ISGlobal is looking for a candidate medical doctor with expertise in clinical research for a position at the Manhica Health Research Centre, Mozambique. The medical doctor will lead the activities at the research centre nested in the clinical research development towards the interruption of transmission of soil-transmitted helminths under the PI-ship of Jose Muñoz.

General objectives:

- Ensure smooth running of clinical studies (epidemiologic and clinical trials) in the area of Soil Transmitted Helminthiasis.
- Participate in the routine care activities of the Manhica District Hospital.
- Guarantee the training and technical-scientific support of the personnel of the clinical department.

Main duties and tasks:

- Responsible for ensuring that all clinical trials and studies are conducted according to the protocol and all applicable regulations.
- Perform participant recruitment and enrolment in clinical trials and delegated tasks as study physician.
- Ensure all study procedures are carried out with quality and in accordance with good clinical practices, with emphasis on the clinical management of patients, including diagnostic, preventive and treatment tasks for study participants and in patients of the District Hospital and the Primary Health Center of Manhica.
- Responsible for protecting the rights, safety and welfare of participants under their care.
- Identification, follow up and report of adverse events and serious adverse events that occur in clinical trials.
- Ensure the correct collection of data according to the specifications of standard operating procedures and study protocols.
- Guide and support the preparation of technical-scientific topics by the clinicians of the

Una iniciativa de: area for presentation at the meetings of the hospital / health center.

- Prepare and hold technical-scientific sessions to improve technical knowledge and promote the habit of technical discussion of the results of clinicians in the area.
- Participate in the analysis and writing of scientific articles under the supervision of the principal investigator.
- Review and evaluate protocols and provide clinical and scientific support.
- Interact with regulatory bodies as is relevant to clinical operations.
- Attend study initiation meetings.
- Present protocols to ethics committees and regulatory bodies, as required.
- Review and sign CRFs at the end of the study.
- Liaison and participation in community engagement.
- Contribute to medical care with local doctors in Manhica Hospital.

Experience and training:

- Medical Doctor (MIR: internal medicine or paediatrics)
- Demonstrated experience in research studies and previous experience in clinical trials
- Proven ability to manage teams and leadership
- Experience and knowledge on issues related to Global Health will be valued
- Experience with Soil Transmitted Helminths and Neglected Tropical Diseases will be strongly valued
- Experience in the preparation of research studies
- Certificate of Good Clinical Practices
- Previous experience working as physician in areas with low resources will be positively evaluated

Languages and others:

- High level in English and Spanish. Portuguese proficiency will be highly valued.
- Immediate availability to live in Mozambique.

Salary and conditions:

The position is for a period of 2 years. The conditions will be agreed according to training and experience. Immediate incorporation.

How to apply:

Applicants must send a CV and a cover letter by email to job@isglobal.org, with the subject heading **Clinical Research Physician STH**. The closing date for the receipt of applications is **24 th February 2019**.

Applications will be accepted until 17.00 CET of the closing date.

Only shortlisted candidates will be contacted

In accordance with articles 5 and 6 of Law 15/1999 on personal data protection, we inform you that your personal data will be incorporated into a Human Resources file, for which the Private Foundation Barcelona Institute for Global Health (ISGlobal) is responsible. If you do not inform us otherwise, ISGlobal will understand that you have consented to the processing of your data. Your information will not be disclosed to individuals or legal public or private entities without your consent unless authorized by law. You can exercise your rights to access, rectify, cancel and oppose the use of your personal information by contacting ISGlobal by post at C/Rosselló, 132, 5è 2a and 7è, 08036 - Barcelona or by email at: info@isglobal.org

In ISGlobal we are committed to maintaining and developing a work environment in which the values and principles of our organization are respected and equal opportunities between women and men be promoted in each of the areas in which we operate, not tolerating discrimination based on criteria such as age, sex, marital status, race, ethnicity, disabilities, political leanings, religion or sexual orientation..

Your personal data will only be used by the Fundación Privada Instituto de Salud Global Barcelona (ISGlobal); CIF: G65341695; Postal address: Carrer Rosselló, number 132, 2nd, 5th and 7th floors, 08036 Barcelona; Telephone: (+34) 932 271 806; Email: info@isglobal.org

We collect and process your personal data for the sole purpose of responding to your inquiry. Your data will be used solely by the persons or teams in ISGlobal who require access to it to carry out their work and it will never, under any circumstances, be made available to third parties or transferred to third countries or international organisations. We can only process your personal data with your consent, and it will be retained only as long as you do not withdraw consent. You can exercise all your rights under current data protection regulations, including the right to access, correction, objection, erasure, portability and restriction, by writing to the Data Protection Officer (lopd@isglobal.org), attaching a copy of your national identity document or equivalent.

You have the right to withdraw your consent at any time. Withdrawal of consent does not affect the lawfulness of processing based on consent before its withdrawal. If you do not agree with the manner in which ISGlobal handles your data or you consider that your rights have been infringed, you can file a complaint at any time with the [Spanish Data Protection Agency](#).
